## **Child Protection Ethos**

We in Ballycraigy Primary School have a responsibility for the safeguarding and child protection of the children in our care and we will carry out this duty by providing a caring, supportive and safe environment, where each child is valued for his or her unique talents and abilities, and in which all our young people can learn and develop to their full potential. All staff, teaching and non-teaching should be alert to the signs of possible abuse and should know the procedures to be followed. This Policy sets out guidance on the action, which is required where abuse or harm to a child is suspected and outlines referral procedures within our school

## **Key Principles of Safeguarding and Child Protection**

The general principles, which underpin our work, are those set out in the UN Convention on the Rights of the Child and are enshrined in the Children (Northern Ireland) Order 1995, “Co-Operating to Safeguard Children and Young People in Northern Ireland” (DOH, 2017), the Department of Education (Northern Ireland) guidance “Safeguarding and Child Protection in Schools” (DENI Circular 2017/04) and the Safeguarding Board for NI Core Child Protection Policy and Procedures (2017).

### **The following Principles form the basis of our Child Protection Policy:**

- the child or young person’s welfare is paramount;
- the voice of the child or young person should be heard;
- parents are supported to exercise parental responsibility and families helped stay together;
- partnership;
- prevention;
- responses should be proportionate to the circumstances;
- protection; and
- evidence based and informed decision making.

### **Other Related Policies:**

The school has a duty to ensure that safeguarding permeates all activities and functions. The child protection policy therefore complements and supports a range of other school policies including:

- Anti-Bullying Policy
- Attendance Policy
- Behaviour Policy
- Code of Conduct
- Complaints Policy
- Data Protection Policy

- Disposal of Records Schedule
- Educational Visits
- E-Safety Policy
- Health and Safety Policy
- Intimate Care
- Privacy Notice
- Relationships and Sexuality Education
- Special Educational Needs
- Supporting Children with medication Needs
- Use of Digital Technology
- Use of Reasonable Force/Safe Handling
- Whistleblowing Policy

These policies are available to parents and any parent wishing to have a copy should contact the School office or visit the school website at [www.ballycraigprimary.org.uk](http://www.ballycraigprimary.org.uk)

### **School Safeguarding Team**

The following are members of the school's Safeguarding Team:

- Chair of the Board of Governors – Mr Mark Palmer
- Designated Governor for Child Protection – Mrs Sarah Girvin
- Principal and Designated Teacher - Dr Hazel Edwards
- Deputy Designated Teachers – Mrs Diane Fowler and Mrs Ruth Little

### **Roles and Responsibilities**

#### **Designated Teacher/ Deputy Designated Teacher**

Every school is required to appoint a Designated Teacher with responsibility for Child Protection. They must also appoint a Deputy Designated Teacher who as a member of the Safeguarding team will actively support the Designated Teacher in carrying out the following duties:

- the induction and training of all school staff including support staff;
- being available to discuss safeguarding or child protection concerns of any member of staff;
- responsibility for record keeping of all child protection concerns;
- maintaining a current awareness of early intervention supports and other local services e.g. Family Support Hubs;
- making referrals to Social Services or PSNI where appropriate;
- liaison with the EA Designated Officers for Child Protection;
- keeping the school Principal informed;

- lead responsibility for the development of the school's child protection policy;
- promotion of a safeguarding and child protection ethos in the school; and
- compiling written reports to the Board of Governors regarding child protection.

### **Principal**

- as secretary to the Board of Governors, assist in fulfilling its safeguarding and child protection duties;
- ensure the Board of Governors are kept fully informed of all developments relating to safeguarding including changes to legislation, policy, procedures, DE circulars, inclusion of child protection on the termly meeting agenda;
- to manage allegations / complaints against school staff;
- to establish and manage the operational systems for safeguarding and child protection;
- to appoint and manage designated teacher/deputy designated teachers who are enabled to fulfil their safeguarding responsibilities;
- to ensure safe and effective recruitment and selection including awareness of safeguarding and child protection for new staff and volunteers;
- ensure that parents and pupils receive a copy or summary of the child protection policy at intake and at a minimum every 2 years; and
- to maintain the schools record of child abuse complaints.

### **Board of Governors**

- a designated governor for child protection is appointed;
- a designated and deputy designated teacher are appointed in their schools;
- they have a full understanding of the roles of the designated and deputy designated teachers for child protection;
- safeguarding and child protection training is given to all staff and governors including refresher training;
- the school has a child protection policy which is reviewed annually and parents and pupils receive a copy of the child protection policy and complaints procedure every two years.
- the school has an anti-bullying policy which is reviewed at intervals of no more than four years and maintains a record of all incidents of bullying or alleged bullying. See the Addressing Bullying in Schools Act (NI) 2016;
- there is a code of conduct for all adults working in the school;
- all school staff and volunteers are recruited and vetted, in line with DE Circular 2012/19;
- they receive a full annual report on all child protection matters (It is best practice that they receive a termly report of child protection activities). This report should include details of the preventative curriculum and any initiatives or awareness raising undertaken within the school, including training for staff; and
- the school maintains the following child protection records in line with DE Circulars 2015/13 Dealing with Allegations of Abuse Against a Member of Staff and 2016/20 Child Protection: Record Keeping in Schools.

### **Chair of Board of Governors**

The chair of the board of governors:

- has a pivotal role in creating and maintaining a safeguarding ethos;
- receives training from CPSS and HR;
- assumes lead responsibility in the event of a CP complaint or concern about the principal; and
- ensures compliance with legislation, Child Protection record keeping and policies.

### **Designated Governor for Child Protection**

Advises the board of governors on: -

- the role of the designated teachers;
- the content of child protection policies;
- the content of a code of conduct for adults within the school;
- the content of the termly updates and full annual designated teachers report; and
- recruitment, selection, vetting and induction of staff.

### **Other members of school teaching staff**

- members of staff **must** refer concerns or disclosures initially to the designated teacher for child protection or to the deputy designated teacher if he/she is not available;
- class teachers should complete the note of concern if there are safeguarding concerns such as: poor attendance and punctuality, poor presentation, changed or unusual behaviour including self-harm and suicidal thoughts, deterioration in educational progress, discussions with parents about concerns relating to their child, concerns about pupil abuse or serious bullying and concerns about home circumstances including disclosures of domestic abuse;
- **staff should not** give children a guarantee of total confidentiality regarding their disclosures, should not investigate nor should they ask leading questions.

### **Non-Teaching Staff**

- if any member of the non-teaching staff has concerns about a child or staff member they should report these concerns to the designated teacher or deputy designated teacher if he/she is not available. A detailed written record of the concerns will be made and any further necessary action will be taken.

### **Parents**

**The primary responsibility for safeguarding and protection of children rests with parents who should feel confident about raising any concerns they have in relation to their child.**

Parents can play their part in safeguarding by informing the school:

- if the child has a medical condition or educational need;
- if there are any Court Orders relating to the safety or wellbeing of a parent or child;
- if there is any change in a child's circumstances for example - change of address, change of contact details, change of name, change of parental responsibility;
- if there are any changes to arrangements about who brings their child to and from school;
- if their child is absent and should send in a note on the child's return to school. This assures the school that the parent/carer knows about the absence. More information on parental responsibility can be found on the EA website at: [www.eani.org.uk/schools/safeguarding-and-child-protection](http://www.eani.org.uk/schools/safeguarding-and-child-protection)

**It is essential that the school has up to date contact details for each parent/carer.**

## **Child Protection Definitions**

### **Definition of Harm**

Harm can be suffered by a child or young person by acts of abuse perpetrated upon them by others. Abuse can happen in any family, but children may be more at risk if their parents have problems with drugs, alcohol and mental health, or if they live in a home where domestic abuse happens. Abuse can also occur outside of the family environment. Evidence shows that babies and children with disabilities can be more vulnerable to suffering abuse.

Although the harm from the abuse might take a long time to be recognisable in the child or young person, professionals may be in a position to observe its indicators earlier, for example, in the way that a parent interacts with their child. Effective and ongoing information sharing is key between professionals.

**Harm from abuse is not always straightforward to identify and a child or young person may experience more than one type of harm.**

### **Harm can be caused by:**

Sexual abuse

Emotional abuse

Physical abuse

Neglect

Exploitation

**Sexual Abuse** occurs when others use and exploit children sexually for their own gratification or gain or the gratification of others. Sexual abuse may involve physical contact, including assault by penetration (for example, rape, or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via e-technology).

Sexual abuse is not solely perpetrated by adult males. Women can commit acts of sexual abuse, as can other children.

**Emotional Abuse** is the persistent emotional maltreatment of a child. It is also sometimes called psychological abuse and it can have severe and persistent adverse effects on a child's emotional development.

Emotional abuse may involve deliberately telling a child that they are worthless, or unloved and inadequate. It may include not giving a child opportunities to express their views, deliberately silencing them, or 'making fun' of what they say or how they communicate. Emotional abuse may involve bullying – including online bullying through social networks, online games or mobile phones – by a child's peers.

**Physical Abuse** is deliberately physically hurting a child. It might take a variety of different forms, including hitting, biting, pinching, shaking, throwing, poisoning, burning or scalding, drowning or suffocating a child.

**Neglect** is the failure to provide for a child's basic needs, whether it be adequate food, clothing, hygiene, supervision or shelter that is likely to result in the serious impairment of a child's health or development. Children who are neglected often also suffer from other types of abuse.

**Exploitation** is the intentional ill-treatment, manipulation or abuse of power and control over a child or young person; to take selfish or unfair advantage of a child or young person or situation, for personal gain. It may manifest itself in many forms such as child labour, slavery, servitude, and engagement in criminal activity, begging, benefit or other financial fraud or child trafficking. It extends to the recruitment, transportation, transfer, harbouring or receipt of children for the purpose of exploitation. Exploitation can be sexual in nature.

Although 'exploitation' is not included in the categories of registration for the Child Protection Register, professionals should recognise that the abuse resulting from or caused by the exploitation of children and young people can be categorised within the existing CPR categories as children who have been exploited will have suffered from physical abuse, neglect, emotional abuse, sexual abuse or a combination of these forms of abuse

### **Signs and symptoms of abuse**

Please see these in **Appendix 1.**

### **Specific types of Abuse**

In addition to the types of abuse described above there are also some specific types of abuse that we in Ballycraigy Primary are aware of and have therefore included them in our policy. Please see these in **Appendix 2.**

## **Children with Increased Vulnerabilities**

Some children have increased risk of abuse due to specific vulnerabilities such as disability, lack of fluency in English and sexual orientation. We have included information about children with increased vulnerabilities in our policy. Please see these in **Appendix 3**.

## **Responding to Safeguarding and Child Protection Concerns**

Safeguarding is more than child protection. Safeguarding begins with promotion and preventative activity which enables children and young people to grow up safely and securely in circumstances where their development and wellbeing is not adversely affected. It includes support to families and early intervention to meet the needs of children and continues through to child protection. Child protection refers specifically to the activity that is undertaken to protect individual children or young people who are suffering, or are likely to suffer significant harm<sup>1</sup>.

### **How a Parent can raise a concern**

In Ballycraigy Primary we aim to work closely with parents/guardians in supporting all aspects of their child's development and well-being. Any concerns a parent may have will be taken seriously and dealt with in a professional manner.

If a parent has a concern they can talk to the class teacher, Mrs Little and Mrs Fowler (Deputy Designated Teachers) or Dr Edwards (Designated Teacher/Principal).

If they are still concerned they may talk to the chair of the board of governors, Mr Mark Palmer. If after this a parent still has concerns they can contact the NI Public Services Ombudsman.

At any time a parent may talk to a social worker in the local Gateway team or to the PSNI Central Referral Unit. Details of who to contact are shown in the flowchart in **Appendix 4**.

### **Where School has concerns or has been given information about possible abuse by someone other than a member of staff**

In Ballycraigy Primary if a child makes a disclosure to a teacher or other member of staff which gives rise to concerns about possible abuse, or if a member of staff has concerns about a child, the member of staff will complete a Note of Concern (see **Appendix 7**) and act promptly. **They will not investigate** - this is a matter for Social Services - but will discuss these concerns with the designated teacher or with the deputy designated teachers if she is not available.

<sup>1</sup> Co-Operating to Safeguard Children and Young People in Northern Ireland (August 2017)  
<https://www.health-ni.gov.uk/publications/co-operating-safeguard-children-and-young-people-northern-ireland>

The deputy designated teachers will consult with Dr Edwards always taking care to avoid due delay. If Dr Edwards is unavailable, Mrs Fowler and Mrs Little will act on her behalf.

If required, advice may be sought from an Education Authority Child Protection Officer. The designated teacher may also seek clarification from the child or young person, their parent/carer.

If a child protection referral is not required the school may consider other options including monitoring, signposting or referring to other support agencies e.g. Family Support Hub with parental consent and, where appropriate, with the child/young person's consent.

If a child protection referral is required, the designated teacher will seek consent from the parent/carer and/or the child (if they are competent to give this) unless this would place the child at risk of significant harm.

The designated teacher will phone the Gateway team and/or the PSNI and will submit a completed UNOCINI referral form. Where appropriate the source of the concern will be informed of the action taken.

For further detail please see **Appendix 5.**

### **Where a complaint has been made about possible abuse by a member of the school's staff or a Volunteer**

When a complaint about possible child abuse is made against a member of staff the Principal (who is the designated teacher) must be informed immediately. If the complaint is against the principal then the deputy designated teachers should be informed and they will inform the Chairperson of the board of governors who will consider what action is required in consultation with the employing authority. The procedure as outlined in **Appendix 6** will be followed.

### **Consent**

Concerns about the safety or welfare of a child/young person, should, where practicable, be discussed with the parent and consent sought for a referral to children's social services in the local HSC Trust, unless seeking agreement is likely to place the child/young person at further risk through delay or undermine any criminal investigative process (for example in circumstances where there are concerns or suspicions that a crime has taken place); or there is concern raised about the parent's actions or reactions. The communication/language needs of the parents/carers should be established for example in relation to disability/ethnicity and the parent's/carer's capacity to understand should be ascertained. These should be addressed through the provision of appropriate communication methods, including, where necessary, translators, signers, intermediaries or advocacy services.

Effective protection for children/young people may, on occasions, require the sharing of information without prior parental/carer consent in advance of that information being shared.

Where staff decide not to seek parental consent before making a referral to children's social services in the local Health and Social Care Trust or the police, the reason for this decision must be clearly noted in the child/young person's records and included within the verbal and written/UNOCINI referral.

When a referral is deemed to be necessary in the interests of the child/young person, and the parents/carers have been consulted and do not consent, the following action should be taken:

- the reason for proceeding without parental consent must be recorded;
- the withholding of permission by the parent/carer must be included in the verbal and written referral to children's social services;
- the parent/carer should be contacted to inform them that, after considering their wishes, a referral has been made.

Staff making a referral may ask for their anonymity to be protected as far as possible because of a genuine threat to self/family. In such instances this anonymity should be protected with an explanation to the staff member that absolute confidentiality cannot be guaranteed as information may become the subject of court processes.

### **Confidentiality and Information Sharing**

Information given to members of staff about possible child abuse cannot be held "in confidence". In the interests of the child, staff have a responsibility to share relevant information about the protection of children with other professionals particularly the investigative agencies. In keeping with the principle of confidentiality, the sharing of information with school staff will be on a 'need to know' basis.

Where there have been, or are current, child protection concerns about a pupil who transfers to another school we will consider what information should be shared with the Designated Teacher in the receiving school.

Where it is necessary to safeguard children information will be shared with other statutory agencies in accordance with the requirements of this policy, the school data protection policy and the General Data Protection Regulations (GDPR).

### **Record Keeping**

In accordance with DE guidance we must consider and develop clear guidelines for the recording, storage, retention and destruction of both manual and electronic records where they relate to child protection concerns.

In order to meet these requirements all child protection records, information and confidential notes concerning pupils in Ballycraigy Primary are stored securely and only the Designated Teacher/Deputy Designated Teacher and Principal have access to them. In accordance with DE guidance on the disposal of child protection records these records will be stored from child's date of birth plus 30 years. If information is held electronically, whether on a laptop or on a portable memory device, all must be encrypted and appropriately password protected.

These notes or records should be factual, objective and include what was seen, said, heard or reported. They should include details of the place and time and who was present and should be given to the Designated/Deputy Designated Teacher. The person who reports the incident must treat the matter in confidence.

### **Safe Recruitment Procedures**

Vetting checks are a key preventative measure in preventing unsuitable individuals' access to children and vulnerable adults through the education system and schools must ensure that all persons on school property are vetted, inducted and supervised as appropriate. All staff paid or unpaid who are appointed to positions in Ballycraigy Primary are vetted / supervised in accordance with relevant legislation and Departmental guidance.

### **Code of Conduct for all Staff - Paid or Unpaid**

All actions concerning children and young people must uphold the best interests of the young person as a primary consideration. Staff must always be mindful of the fact that they hold a position of trust and that their behaviour towards the child and young people in their charge must be above reproach. All members of staff are expected to comply with the school's Code of Conduct for Employees and Volunteers which has been approved by the Board of Governors (See Appendix 8)

### **The Preventative Curriculum**

The statutory personal development curriculum requires schools to give specific attention to pupils' emotional wellbeing, health and safety, relationships, and the development of a moral thinking and value system. The curriculum also offers a medium to explore sensitive issues with children and young people in an age-appropriate way which helps them to develop appropriate protective behaviours. (2017/04)

Our school seeks to promote pupils' awareness and understanding of safeguarding issues, including those related to child protection through its curriculum. The safeguarding of children is an important focus in the school's personal development programme and is also addressed where it arises within the context of subjects. Through the preventative curriculum we aim to build the confidence, self-esteem and personal resiliencies of children so that they can develop coping strategies and can make more positive choices in a range of situations.

Our P.D.M.U. curriculum pays particular attention to pupils' emotional wellbeing, health and safety, relationships, and the development of a moral thinking and value system. It also offers a medium to explore sensitive issues with children in an age appropriate way which helps them to develop appropriate protective behaviours.

Staff will avoid teaching materials, the choice of which might be misinterpreted and reflect upon the motives for the choice. When using teaching materials of a sensitive nature a teacher should be aware of the danger that their application, either by pupils or by the teacher, might after the event be criticised.

If in doubt about the appropriateness of a particular teaching material, the teacher should consult with the principal before using it.

Throughout the school year child protection issues are addressed through assemblies and relevant information is displayed in communal areas, which provides advice and child helpline numbers. The school also participates in other initiatives which address child protection e.g. visits from fire fighters, PSNI or programmes delivered by external agencies e.g. Bully Buster (Woman's Aid)

### **Monitoring and Evaluation**

This policy will be reviewed annually by the safeguarding team and approved every 2 years by the Board of Governors for dissemination to parents, pupils and staff. It will be implemented through the school's staff induction and training programme and as part of day to day practice. Compliance with the policy will be monitored on an on-going basis by the designated teacher for child protection and periodically by the Schools Safeguarding Team. The board of governors will also monitor child protection activity and the implementation of the Safeguarding and Child Protection policy on a regular basis through the provision of reports from the designated teacher.

## Appendix 1

This is not an exhaustive list, but intended only as a guide. The presence of one or more factors does not necessarily give proof that child abuse has occurred. It may, however, indicate that investigation should take place.

- Unexplained delay in seeking treatment which is needed
- Incompatible explanations
- Constant minor injuries
- Bite marks
- Burns and scalds
- Cigarette burns
- General physical disability
- Unresponsiveness in the child
- Soiling and wetting
- Change in behavioural patterns
- “frozen” look
- Attention seeking
- Apprehension
- Antisocial behaviour
- Unkempt appearance
- Sexually precocious behaviour
- Sexualised drawings and play
- Sudden poor performance in school
- Poor self-esteem
- Self-mutilation
- Withdrawal
- Running away
- Reluctance to return home after school
- Resistance to PE (undressing)
- Resistance to school medicals
- Difficulty in forming relationships
- Confusing affectionate displays
- Poor attendance – repeated infections etc
- Unexplained bruising-
  - bruise marks in or around the mouth
  - black eyes, especially if both eyes are black and there are no marks to forehead or nose
  - grasp marks
  - finger marks
  - bruising of the ears
  - linear bruising (particularly buttocks or back)
  - differing age bruising

## Appendix 2

### Specific Types of Abuse

**Grooming** of a child or young person is always abusive and/or exploitative. It often involves perpetrator(s) gaining the trust of the child or young person or, in some cases, the trust of the family, friends or community, and/or making an emotional connection with the victim in order to facilitate abuse before the abuse begins. This may involve providing money, gifts, drugs and/or alcohol or more basic needs such as food, accommodation or clothing to develop the child's/young person's loyalty to and dependence upon the person(s) doing the grooming. The person(s) carrying out the abuse may differ from those involved in grooming which led to it, although this is not always the case. Grooming is often associated with Child Sexual Exploitation (CSE) but can be a precursor to other forms of abuse. Grooming may occur face to face, online and/or through social media, the latter making it more difficult to detect and identify.

If the staff in SCHOOL NAME become aware of signs that may indicate grooming they will take early action and follow the school's child protection policies and procedures.

**Child sexual exploitation (CSE)** is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/ or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. (Co-operating to Safeguard Children and Young People in NI. DHSSPS version 2.0 2017)

The key factor that distinguishes cases of CSE from other forms of child sexual abuse is the concept of exchange – the fact that someone coerces or manipulates a child into engaging in sexual activity **in return for something** they need or desire and/or for the gain of those perpetrating or facilitating the abuse. The something received by the child or young person can include both tangible items and/or more intangible 'rewards' OR 'benefits' such as perceived affection, protection or a sense of value or belonging.

Any child under the age of eighteen, male or female, can be a victim of CSE, including those who can legally consent to have sex. The abuse most frequently impacts upon those of a post-primary age and can be perpetrated by adults or peers, on an individual or group basis.

CSE is a form of child abuse and, as such, any member of staff suspecting that CSE is occurring will follow the school's child protection policy and procedures, including reporting to the appropriate agencies.

**Domestic and Sexual violence and abuse** can have a profoundly negative effect on a child's emotional, psychological and social well-being. A child does not have to witness domestic violence to be adversely affected by it. Living in a violent or abusive domestic environment is harmful to children.

Domestic violence and abuse is defined as 'threatening, controlling, coercive behaviour, violence or abuse (psychological, virtual, physical, verbal, sexual, financial or emotional) inflicted on anyone (irrespective of age, ethnicity, religion, gender, identity, sexual orientation or any form of disability) by a current or former intimate partner or family member.' Sexual Violence and Abuse is defined as 'any behaviour (physical, psychological, verbal, virtual /online perceived to be of a sexual nature which is controlling, coercive, exploitative, harmful or unwanted that is inflicted on anyone (irrespective of age, ethnicity, religion, gender, gender identity, sexual orientation or any form of disability).' (Stopping Domestic and Sexual Violence and Abuse in Northern Ireland A Seven Year Strategy: March 2016).

If it comes to the attention of school staff that Domestic Abuse, is or may be, affecting a child this will be passed on to the Designated/Deputy Designated Teacher who has an obligation to share the information with the Social Services Gateway Team.

**Female Genital Mutilation (FGM)** is a form of child abuse and violence against women and girls. FGM comprises all procedures that involve partial or total removal of the external female genitalia, or other injury to the female genital organs for non-medical reasons. The procedure is also referred to as 'cutting', 'female circumcision' and 'initiation'. The practice is medically unnecessary, extremely painful and has serious health consequences, both at the time when the mutilation is carried out and in later life. FGM is a form of child abuse and, as such, teachers have a statutory duty to report cases, including suspicion, to the appropriate agencies, through agreed established procedures set out in our school policy.

**Forced Marriage** A forced marriage is a marriage conducted without the valid consent of one or both parties and where duress is a factor. Duress can include physical, psychological, financial, sexual and emotional pressure. Forced marriage is a criminal offence in Northern Ireland and if in SCHOOL NAME we have knowledge or suspicion of a forced marriage in relation to a child or young person we will contact the PSNI immediately.

### **Children who display harmful sexualised behaviour**

Learning about sex and sexual behaviour is a normal part of a child's development. It will help them as they grow up, and as they start to make decisions about relationships. As a school we support children and young people, through the Personal Development element of the curriculum, to develop their understanding of relationships and sexuality and the responsibilities of healthy relationships. Teachers are often therefore in a good position to consider if behaviour is within the normal continuum or otherwise.

It is important to distinguish between different sexual behaviours - these can be defined as 'healthy', 'problematic' or 'sexually harmful'. Healthy sexual behaviour will normally have no need for intervention, however consideration may be required as to appropriateness within a school setting. Problematic sexual behaviour requires some level of intervention,

depending on the activity and level of concern. For example, a one-off incident may simply require liaising with parents on setting clear direction that the behaviour is unacceptable, explaining boundaries and providing information and education. Alternatively, if the behaviour is considered to be more serious, perhaps because there are a number of aspects of concern, advice from the EA CPSS may be required. We will also take guidance from DE Circular 2016/05 to address concerns about harmful sexualised behaviour displayed by children and young people.

### **What is Harmful Sexualised Behaviour?**

Harmful sexualised behaviour is any behaviour of a sexual nature that takes place when:

- There is no informed consent by the victim; and/or
- the perpetrator uses threat (verbal, physical or emotional) to coerce, threaten or intimidate the victim
- Harmful sexualised behaviour can include: Using age inappropriate sexually explicit words and phrases.
- Inappropriate touching.
- Using sexual violence or threats.
- Sexual behaviour between children is also considered harmful if one of the children is much older - particularly if there is more than two years' difference in age or if one of the children is pre-pubescent and the other is not.
- However, a younger child can abuse an older child, particularly if they have power over them - for example, if the older child is disabled.

Sexually harmful behaviour is primarily a child protection concern. There may remain issues to be addressed through the schools positive behaviour policy but it is important to always apply principles that remain child centred.

Harmful sexualised behaviour will always require intervention and in our school we will refer to our child protection policy and, seek the support that is available from the CPSS.

### **E safety/Internet abuse**

Online safety means acting and staying safe when using digital technologies. It is wider than simply internet technology and includes electronic communication via text messages, social environments and apps, and using games consoles through any digital device. In all cases, in schools and elsewhere, it is a paramount concern.

In January 2014, the SBNI published its report 'An exploration of e-safety messages to young people, parents and practitioners in Northern Ireland' which identified the associated risks around online safety under four categories:

- **Content risks:** the child or young person is exposed to harmful material.
- **Contact risks:** the child or young person participates in adult initiated online activity.

- **Conduct risks:** the child or young person is a perpetrator or victim in peer-to-peer exchange.
- **Commercial risks:** the child or young person is exposed to inappropriate commercial advertising, marketing schemes or hidden costs.

We in Ballycraig Primary have a responsibility to ensure that there is a reduced risk of pupils accessing harmful and inappropriate digital content and will be energetic in teaching pupils how to act responsibly and keep themselves safe. As a result, pupils should have a clear understanding of online safety issues and, individually, be able to demonstrate what a positive digital footprint might look like.

The school's actions and governance of online safety are reflected clearly in our safeguarding arrangements. Safeguarding and promoting pupils' welfare around digital technology is the responsibility of everyone who comes into contact with the pupils in the school or on school-organised activities.

**Sexting** is the sending or posting of sexually suggestive images, including nude or semi-nude photographs, via mobile or over the internet. There are two aspects to Sexting:

**Sexting between individuals in a relationship** schools should look at this individually. Whilst their procedures should be the same as below they may want to include something specific here re what their preventative curriculum approach will be.

Pupils need to be aware that it is illegal, under the Sexual Offences (NI) Order 2008, to take, possess or share 'indecent images' of anyone under 18 even if they are the person in the picture (or even if they are aged 16+ and in a consensual relationship) and in these cases we will contact local police on 101 for advice and guidance. We may also seek advice from the EA Child Protection Support Service.

Please be aware that, while offences may technically have been committed by the child/children involved, the matter will be dealt with sensitively and considering all of the circumstances and it is not necessarily the case that they will end up with a criminal record. It is important that particular care is taken in dealing with any such cases. Adopting scare tactics may discourage a young person from seeking help if they feel entrapped by the misuse of a sexual image.

### **Sharing an inappropriate image with an intent to cause distress**

If a pupil has been affected by inappropriate images or links on the internet it is important that it is **not forwarded to anyone else**. Schools are not required to investigate incidents. It is an offence under the Criminal Justice and Courts Act 2015 ([www.legislation.gov.uk/ukpga/2015/2/section/33/enacted](http://www.legislation.gov.uk/ukpga/2015/2/section/33/enacted)) to share an inappropriate image of another person without the individual's consent.

If a young person has shared an inappropriate image of themselves that is now being shared further whether or not it is intended to cause distress, the child protection procedures of the school will be followed.

## **Appendix 3**

### **Children with Increased Vulnerabilities**

- **Children with a disability**

Children and young people with disabilities (i.e. any child or young person who has a physical, sensory or learning impairment or a significant health condition) may be more vulnerable to abuse and those working with children with disabilities should be aware of any vulnerability factors associated with risk of harm, and any emerging child protection issues.

Staff must be aware that communication difficulties can be hidden or overlooked making disclosure particularly difficult. Staff and volunteers working with children with disabilities will receive training to enable them to identify and refer concerns early in order to allow preventative action to be taken.

- **Children with limited fluency in English**

As with children with a special educational need, children who are not fluent in English should be given the chance to express themselves to a member of staff or other professional with appropriate language/communication skills, especially where there are concerns that abuse may have occurred.

Designated Teachers should work with their SEN co-ordinators along with school staff with responsibility for newcomer pupils, seeking advice from the EA's Inclusion and Diversity Service to identify and respond to any particular communication needs that a child may have. All schools should try to create an atmosphere in which pupils with special educational needs which involve communication difficulties, or pupils for whom English is not their first language, feel confident to discuss these issues or other matters that may be worrying them.

- **Pre-school provision**

Many of the issues in the preceding paragraphs will be relevant to our young children who may have limited communication skills. In addition to the above, staff will follow our Intimate Care policy and procedures in consultation with the child's parent[s]/carer[s]

- **Looked After Children**

In consultation with other agencies and professionals, a Health and Social Care Trust may determine that a child or young person's welfare cannot be safeguarded if they remain at home. In these circumstances, a child may be accommodated through a voluntary arrangement with the persons with parental responsibility for the child or the HSCT may make an application to the Court for a Care Order to place the child or young person in an alternative placement provided by the Trust. The HSCT will then make arrangements for the child to be looked after, either permanently or temporarily. It is important that the views of

children, young people and their parents and/or others with parental responsibility for the looked child are taken into account when decisions are made.

A member of school staff will attend LAC meetings and will provide a written report. Where necessary, school support will be put in place for the child/young person. Information will be shared with relevant staff on a need to know basis.

- **Children / young people who go missing**

Children and young people who go missing come from all backgrounds and communities and are known to be at greater risk of harm. This includes risks of being sexually abused or exploited although children and young people may also become homeless or a victim or perpetrator of crime. Those who go missing from their family home may have no involvement with services as not all children and young people who run away or go missing from their family home have underlying issues within the family, or are reported to the police as missing.

The patterns of going missing may include overnight absences or those who have infrequent unauthorised absences of short time duration. When a child or young person returns, having been missing for a period, we should be alert to the possibility that they may have been harmed and to any behaviours or relationships or other indicators that children and young people may have been abused.

School staff will work in partnership with those who look after the child or young person who goes missing and, if appropriate, will complete a risk assessment. Current school policies will apply e.g. attendance, safeguarding, relationships and sexuality education.

- **Young people in supported accommodation**

Staff will work in partnership with those agencies involved with young people leaving care and those living in supported accommodation and will provide pastoral support as necessary.

- **Young people who are homeless**

If we become aware that a young person in our school is homeless we will share this information with Social Services whose role is to carry out a comprehensive needs and risk assessment. We will contribute to the assessment and attend multi-disciplinary meetings.

- **Separated, unaccompanied and trafficked children and young people**

**Separated children** and young people are those who have been separated from their parents, or from their previous legal or customary primary caregiver. **Unaccompanied children** and young people are those seeking asylum without the presence of a legal guardian. Consideration must be given to the fact that separated or unaccompanied children may be a victim of human trafficking.

**Child Trafficking** is the recruitment, transportation, transfer, harbouring or receipt of a child or young person, whether by force or not, by a third person or group, for the purpose of different types of exploitation.

If we become aware of a child or young person who may be separated, unaccompanied or a victim of human trafficking we in School Name will immediately follow our safeguarding and child protection procedures

- **Children of parents with additional support needs**

Children and young people can be affected by the disability of those caring for them. Parents, carers or siblings with disabilities may have additional support needs which impact on the safety and wellbeing of children and young people in the family, possibly affecting their education or physical and emotional development. It is important that any action school staff take to safeguard children and young people at risk of harm in these circumstances encompasses joint working between specialist disability and children's social workers and other professionals and agencies involved in providing services to adult family members. This will assist us in ensuring the welfare of the children and young people in the family is promoted and they are safeguarded as effectively as possible.

Where it is known or suspected that parents or carers have impaired ability to care for a child, the safeguarding team will give consideration to the need for a child protection response in addition to the provision of family support and intervention.

- **Gender identity issues and sexual orientation**

Young people from the LGBTQ community may face particular difficulties which could make them more vulnerable to harm. These difficulties could range from intolerance and homophobic bullying from others to difficulties for the young person themselves in exploring and understanding their sexuality. At such times young people may be more vulnerable to predatory advances from adults seeking to exploit or abuse them. This could impede a young person's ability or willingness to raise concerns if they feel they are at risk or leave young people exposed to contact with people who would exploit them.

As a staff working with young people from the LGBT community we will support them to appropriately access information and support on healthy relationships and to report any concerns or risks of abuse or exploitation.

- **Boarding schools and residential settings**

Children in the above settings are particularly vulnerable to abuse. We will ensure that staff are appropriately vetted and trained in accordance with DE guidance.

- **Work experience, school trips and educational visits**

Our duty to safeguard and promote the welfare of children and young people also includes periods when they are in our care outside of the school setting. We will follow DE guidance on educational visits, school trips and work experience to ensure our current safeguarding policies are adhered to and that appropriate staffing levels are in place.

### **Children/young people's behaviours**

- **Peer Abuse**

Children and young people may be at risk of physical, sexual and emotional bullying and abuse by their peers. Such abuse should always be taken as seriously as abuse perpetrated by an adult. Where a child or young person has been harmed by another, all school staff should be aware of their responsibilities in relation to both children and young people who perpetrate the abuse as well as those who are victims of it and, where necessary, should contribute to an inter-disciplinary and multi-agency response.

- **Self-Harm**

Self-harm encompasses a wide range of behaviours and things that people do to themselves in a deliberate and usually hidden way, which are damaging. It may indicate a temporary period of emotional pain or distress, or deeper mental health issues which may result in the development of a progressive pattern of worsening self-harm that may ultimately result in death by misadventure or suicide. Self-harm may involve abuse of substances such as alcohol or drugs, including both illegal and/or prescribed drugs.

Self-harming behaviours may indicate that a child or young person has suffered abuse; however this is not always the case. School staff should share concerns about a child or young person who is self-harming with a member of the safeguarding team who will seek advice from appropriately qualified and experienced professionals including those in the non-statutory sector to make informed assessments of risk in relation to self-harming behaviours.

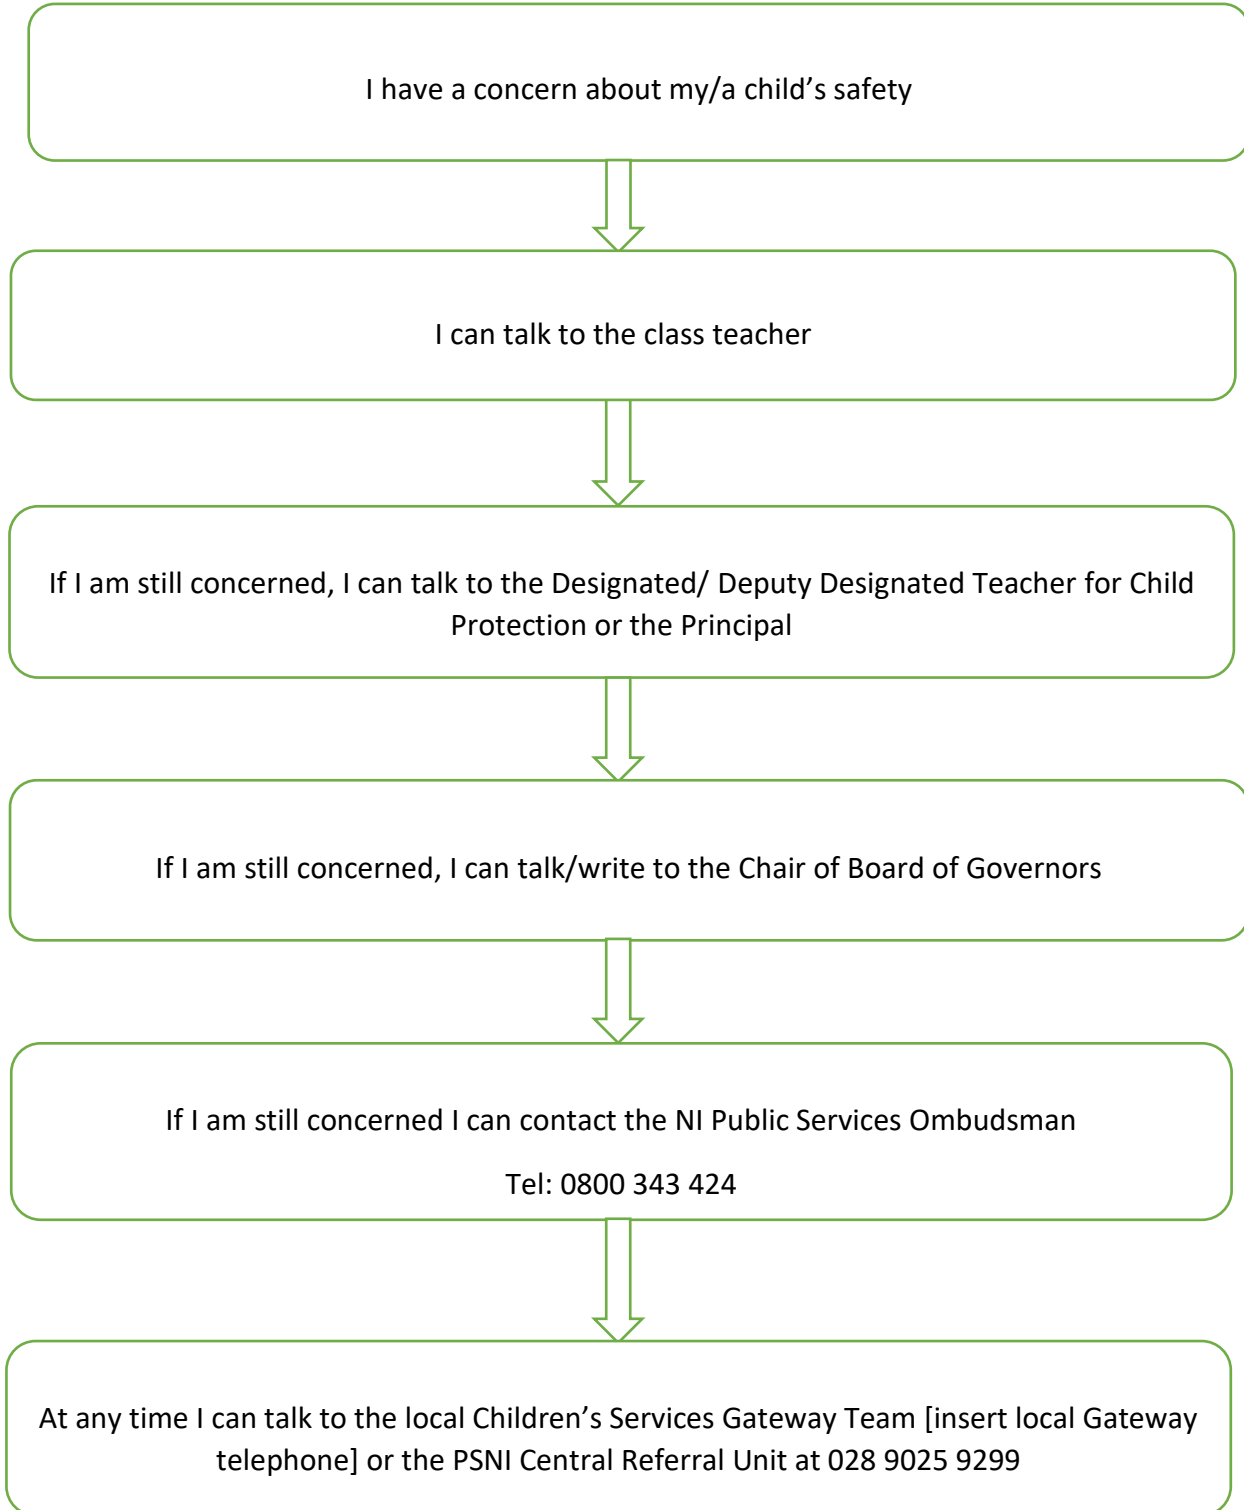

- **Suicidal Ideation**

Staff must act without delay if they have concerns about a child or young person who presents as being suicidal as it is important that children and young people who communicate thoughts of suicide or engage in para-suicidal behaviours are seen urgently by an appropriately qualified and experienced professional, including those in the non-statutory sector, to ensure they are taken seriously, treated with empathy, kindness and understanding and informed assessments of risk and needs can be completed as a matter of priority.

## Appendix 4

### How a Parent can make a complaint

If a parent has a potential child protection concern:

## Appendix 5

### Procedure where the School has concerns, or has been given information, about possible abuse by someone other than a member of staff

Member of staff completes the Note of Concern on what has been observed or shared and must ACT PROMPTLY.

Source of concern is notified that the school will follow up appropriately on the issues raised.

Staff member discusses concerns with the Designated Teacher or Deputy Designated Teacher in his/her absence and provides note of concern.

Designated Teacher should consult with the Principal or other relevant staff before deciding upon action to be taken, always taking care to avoid undue delay. If required, advice may be sought from a CPSS officer.

#### **Child Protection referral is required**

Designated Teacher seeks consent of the parent/carer and/or the child (if they are competent to give this) unless this would place the child at risk of significant harm then telephones the Children's Services Gateway Team and/or the PSNI if a child is at immediate risk. He/she submits a completed UNOCINI referral form within 24 hours.

#### **Child Protection referral is not required**

School may consider other options including monitoring the situation within an agreed timescale; signposting or referring the child/parent/carers to appropriate support services such as the Children's Services Gateway Team or local Family Support Hub with parental consent, and child/young person's consent (where appropriate).

Designated Teacher clarifies/discusses concern with child/ parent/carers and decides if a child protection referral is or is not required.

Where appropriate the source of the concern will be informed as to the action taken. The Designated Teacher will maintain a written record of all decisions and actions taken and ensure that this record is appropriately and securely stored.

## Appendix 6

### Dealing with Allegations of Abuse Against a Member of Staff

#### Key Points

Lead individual learns of an allegation against a member of staff and informs the Chair/Vice Chair of BoG as appropriate.

#### Guidance on the Next Steps

Lead individual then establishes the facts, seeks advice from the key agencies as appropriate, usually through informal discussion.

#### Possible Outcomes

Following on from establishing the facts, seeking advice from Key Agencies and discussion with the Chair and/or BoG to agree a way forward from the options below.

Precautionary suspension is not appropriate and the matter is concluded.

Allegation addressed through relevant disciplinary procedures.

Precautionary suspension under Child Protection procedures imposed

Alternatives to precautionary suspension imposed

## **Appendix 8**

### **CODE OF CONDUCT FOR EMPLOYEES**

#### **Objectives, Scope and Principles**

This Code of Conduct is designed to give clear guidance on the standards of behaviour all school staff and volunteers are expected to observe. School staff and volunteers are role models and are in a unique position of influence and trust and must adhere to behaviour that sets a good example to all the pupils/students within the school. As a member of a school community, each person has an individual responsibility to maintain their reputation and the reputation of the school, whether inside or outside working hours.

This Code of Conduct applies to all staff and volunteers of the school.

This Code of Conduct does not form part of any employees' contract of employment.

#### **1. Setting an example**

- 1.1 All staff and volunteers who work in schools set examples of behaviour and conduct which can be copied by pupils/students. Staff must therefore for example avoid using inappropriate or offensive language at all times.
- 1.2 All staff and volunteers must, therefore, demonstrate high standards of conduct in order to encourage our pupils/students to do the same.
- 1.3 All staff and volunteers must also avoid putting themselves at risk of allegations of abusive or unprofessional conduct.
- 1.4 This Code helps all staff and volunteers to understand what behaviour is and is not acceptable and regard should also be given to the disciplinary rules set out by the employing authority
- 1.5 All staff and volunteers are expected to familiarise themselves and comply with all school policies and procedures.

#### **2. Safeguarding Pupils/Students**

- 2.1 All staff and volunteers have a duty to safeguard pupils/students from physical abuse, sexual abuse, emotional abuse, neglect and exploitation.
- 2.2 The duty to safeguard pupils/students includes the duty to report concerns about a pupil/student or colleague to a member of the school's Safeguarding Team (DT/P; DDTs).
- 2.3 The school's DT is Dr Hazel Edwards and the DDTs are Mrs Ruth Little and Mrs Diane Fowler.
- 2.4 All staff and volunteers are provided with personal copies of the school's Child Protection Policy and Whistleblowing Policy and must be familiar with these documents and other relevant school policies e.g. e-Safety and Acceptable Use Policy.
- 2.5 All staff and volunteers should treat children with respect and dignity. They must not demean or undermine pupils, their parents, carers or colleagues.
- 2.6 All staff and volunteers should not demonstrate behaviours that may be perceived as sarcasm, making jokes at the expense of students, embarrassing or humiliating students, discriminating against or favouring pupils.

- 2.7 All staff and volunteers must take reasonable care of pupils/students under their supervision with the aim of ensuring their safety and welfare. Staff should also complete risk assessments where appropriate in accordance with school policies.

### **3. Relationships with students**

- 3.1 With pupils/students outside of school; this may include mutual membership of social groups, tutoring, or family connections. Staff and volunteers should not assume that the school are aware of any such connections.
- 3.2 Relationships with students must be professional at all times, sexual relationships with students are not permitted and may lead to an abuse of trust and criminal conviction.

### **4. Pupil/Student Development**

- 4.1 All staff and volunteers must comply with school policies and procedures that support the well-being and development of pupils/students.
- 4.2 All staff and volunteers must cooperate and collaborate with colleagues and with external agencies where necessary to support the development of pupils/students.

### **5. Honest and integrity**

- 5.1 All staff and volunteers must maintain high standards of honesty and integrity in their work. This includes the handling and claiming of money and the use of school property and facilities.
- 5.2 Gifts from suppliers or associates of the school must be declared to the Principal with the exception of 'one-off' token gifts from students or parents (e.g. at Christmas or End of Year). Personal gifts from individual members of staff or volunteers to students are inappropriate and could be misinterpreted and may lead to disciplinary action. A record will be kept of all gifts received.

### **6. Conduct Outside of Work**

- 6.1 All staff and volunteers must not engage in conduct outside work which could seriously damage the reputation and standing of the school or the staff/volunteers own reputation or the reputation of other members of the school community.
- 6.2 In particular, criminal offenses that involve violence, possession or use of illegal drugs or sexual misconduct are to be regarded as unacceptable.
- 6.3 Staff may undertake work outside of school, either paid or voluntary, provided that it does not conflict with the interests of the school. It should not contravene the working time regulations or affect an individual's work performance in the school. Staff should seek advice from the Principal when considering work outside the school.

### **7. E-Safety and Internet Use**

- 7.1 Staff must exercise caution when using information technology and be aware of the risks to themselves and others. Regard should be given to the schools' E-Safety and ICT Acceptable Use Policy at all times both inside and outside of work. (Appendix 3)
- 7.2 Staff and volunteers must not engage in inappropriate use of social network sites which may bring themselves, the school, school community or employer into disrepute. Staff and volunteers should ensure that they adopt suitably high security settings on any personal profiles they may have.
- 7.3 Staff should exercise caution in their use of all social media or any other web based presence that they may have, including written content, videos or photographs, and views expressed either directly or by 'liking' certain pages or post established by others. This may also include the use of dating websites where staff could encounter students either with their own profile or acting covertly.
- 7.4 Contact with students must be via school authorised mechanisms. At no time should personal telephone numbers, email addresses or communication routes via personal accounts on social media platforms be used to communicate with students. If contacted by a student by an inappropriate route, staff should report the contact to the Principal immediately.
- 7.5 Photographs or video footage of students should only be taken using school equipment for purposes authorised by the school. Any such use should always be transparent and only occur where parental consent has been given. The resultant files from such recording or taking of photographs must be retained and destroyed in accordance with the schools Records Management Policy and Disposal Schedules.

## **8. Confidentiality**

- 8.1 Members of staff and volunteers may have access to confidential information about students in order to undertake their everyday responsibilities. In some circumstances staff may be given additional highly sensitive or private information. They should never use confidential or personal information about a student or his family for their own, or others' advantage. Information must never be used to intimidate, humiliate, or embarrass the student.
- 8.2 Confidential information about students should never be used casually in conversation or shared with any person other on a need to know basis. In circumstances where the student's identity does not need to be disclosed the information should be used anonymously.
- 8.3 There are some circumstances in which a member of staff may be expected to share information about a student, e.g. when abuse is alleged or suspected. In such cases, individuals have a duty to pass information on without delay, but only to those with designated child protection responsibilities.
- 8.4 If a member of staff is in any doubt about whether to share information or keep it confidential he or she should seek guidance from a senior member of staff. Any media or legal enquiries should be passed to school leadership.
- 8.5 Adults need to be aware that although it is important to listen to and support students, they must not promise confidentiality or request students to do the same under any circumstance.

8.6 Additionally concerns and allegations about adults should be treated as confidential and passed to a senior leader without delay.

**9. Dress**

9.1 All staff and volunteers must dress in a manner that is appropriate to a professional role and promoting a professional image.

9.2 Staff and volunteers should dress in a manner that is not offensive, revealing or sexually provocative.

9.3 Staff and volunteers should dress in a manner that is absent from political or other contentious slogans.

**10. Disciplinary Action**

Staff and volunteers should be aware that a failure to comply with this Code of Conduct could result in disciplinary action including but not limited to dismissal.
